

WCS - 400

Water Circulation System

WCS 400 Is Water Cooling System used for Cooling OF Tig/Mlg Torches in Tig/Mig Welding Application.

All India Supply

FEATURES

- » 24 LTR Water Tank made from STEEL
- » Spec. Impoted Centrifugal Pump specially designed brass pump for longer life and non Corrosion.
- » Two layer Copper radiator Separate high speed fan used for Water Cooling
- » Comapct Size and Easy Movable.

TECHNICAL SPECIFICATIONS

Model	Input Supply	Water Tank Material	Tank Capacity	Type of Pump	Pump Capacity
WCS – 400	230 Volts Single Phase, 50 HZ Supply	STEEL	24 Ltr	Water Pump	1/2 HP
